

**The middle school RTI2 presentation has ratios for TIER 3 that are not possible based on staffing in the building. If this is State mandated, do you have any suggestions on how to achieve the directives being given? (My principal and PLC coach say our staff can't accommodate this request to perform RTI the way it is described - what do we do?) A**

After benchmarking, local norms will be established for each school so that the size of students receiving interventions is manageable and the students with greatest need get intervention.
