

iPad Support

How to recover videos from the Mini App?

1. Download and install iExplorer to your computer from
<http://www.macroplant.com/>

2. Connect your iPad to your computer.

3. Open iExplorer. It's important that your iPad is connected before you open iExplorer.

4. Click on the **Apps** twisty.

iPad Support

5. Click on the **Mini Capture** folder.

6. Click on the **Documents** twisty.

7. Click on the **Video** twisty. All your videos will show under **the Video** folder.

iPad Support

8. Click and drag the video to your desktop.
